# Opening Prayer

God,

Help me make this  
believable

Help me communicate  
with love

And without  
judgement

I have so much love  
and anger in my heart

I don't know how I  
exist

God,

Done

Men won't  
tell you  
they like  
you

They just start  
trying to control  
you one day

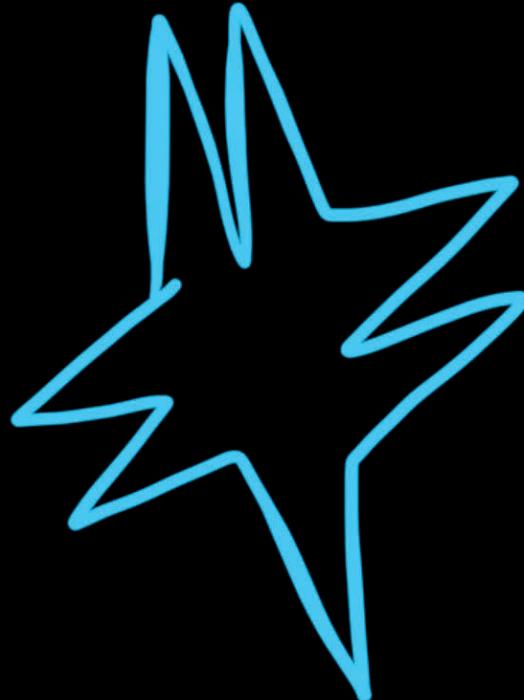

&lt; Back

Done

You were  
giving me  
mixed  
signals

You have a  
girlfriend,  
playboy.  
You should  
have taken  
that as a  
NO

&lt; Back

Done

What's  
wrong,  
babe?

My  
girlfriend  
broke up  
with me

&lt; Back

Done

At least you  
still have me

Yeah that's  
the MFing  
**PROBLEM!!**

Wish I had cut you off earlier

&lt; Back

I went to his yugioh  
game tournaments and  
he still cheated

&lt; Back

“Cheated” is a  
strong word

&lt; Back

I feel that I am  
the victim in this  
situation

&lt; Back

You don't love her if you're  
thinking of me

How does your girlfriend feel

You want me to forgive you  
You want me to forgive you  
But you want me to forgive you  
But you can't even forgive myself  
But I can't even forgive myself  
But you want me to forgive you  
You want me to forgive myself  
But I can't even forgive myself  
But you want me to forgive you  
But I can't even forgive myself  
But you want me to forgive you  
But I can't even forgive myself

I used to pray :

«I am smarter  
than the things  
I want

I wish I were  
stronger too»

The love is in  
the laughter  
But if he goes  
home to his  
girlfriend after  
I t d i d n ' t  
fucking mean  
anything at all

BackDone

I don't feel this  
way anymore  
I'm not angry  
anymore  
I have a lot of  
love in my heart  
But none of it  
for you  
anymore,  
You are not  
there at all

# Closing Prayer

God,

I am a wild creature

in the palm of your hand

Thank you for carrying me

I make mistakes

I fail and fail and fail

And fail and fail

Thank you for patience and

forgiveness

Help me wait and quiet

And listen

And forgive
